

HASAN INTERNATIONAL

COMPANY PROFILE

WHO WE ARE

Throughout our brief history, Hasan International has established itself as a reliable leather goods manufacturing partner, consistently expanding into new sectors. As a cohesive family, we prioritize providing value and comfort to all members while relentlessly crafting high-quality products for our esteemed global partners.

HISTORY

Hasan International was established in 1971 by Mr. Fazal Hasan, a migrant who relocated to Kanpur to secure employment at a cotton-textile mill. As Kanpur underwent a transformation from its former moniker as “Manchester of the East” to its current status as “the leather capital of India,” Mr. Fazal initiated a modest drum-dyed leather tannery in Jajmau, Kanpur. Over three generations, our organization has undergone significant evolution, embracing contemporary technological advancements while maintaining a steadfast commitment to our traditional roots.

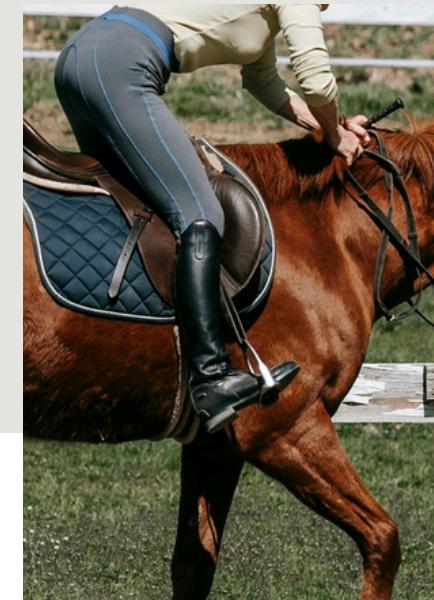

WHAT WE DO

For over a decade, our family-owned leather goods manufacturing and exporting company has been at the forefront of leather products innovation. We exclusively utilize high-quality tanned leather sourced from government-approved tanneries. This premium leather is then meticulously handcrafted by our team of highly skilled artisans to replicate the likeness of our esteemed partners.

EQUESTRIAN

We offer a comprehensive selection of saddles, including English saddles and western embossed saddles, meticulously crafted with exceptional attention to detail using premium leather and imported hardware.

Our equestrian equipment lineup encompasses a diverse range of items, such as halters, nosebands, girths, rugs, and more. Each product is designed to endure while maintaining its aesthetic appeal.

ARTISAN PRODUCTS

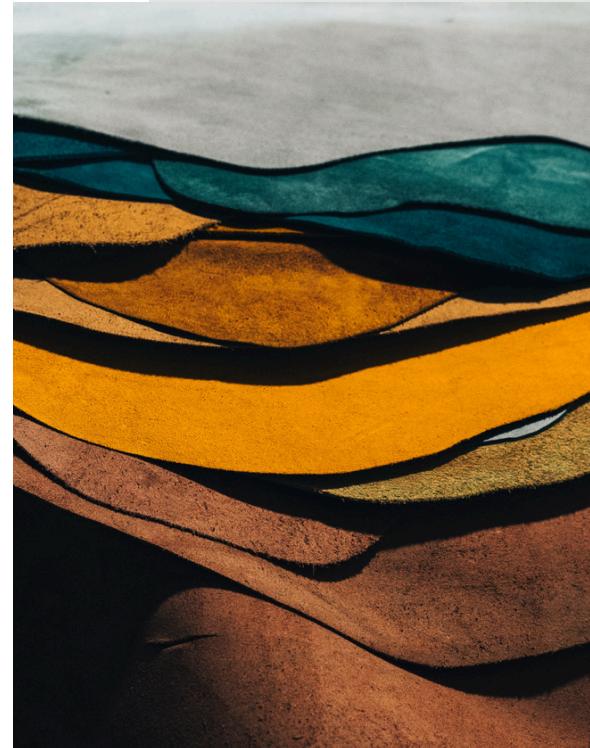

At Hasan International, we are committed to crafting premium leather products that harmonize tradition with contemporary craftsmanship. Our expertise lies in the creation of luxury bags, purses, belts, and wallets, each meticulously designed to endure the test of time. Our techniques ensure durability and elegance, while our unwavering commitment to excellence guarantees that our products exude sophistication, style, and superior craftsmanship.

FINISHED LEATHER

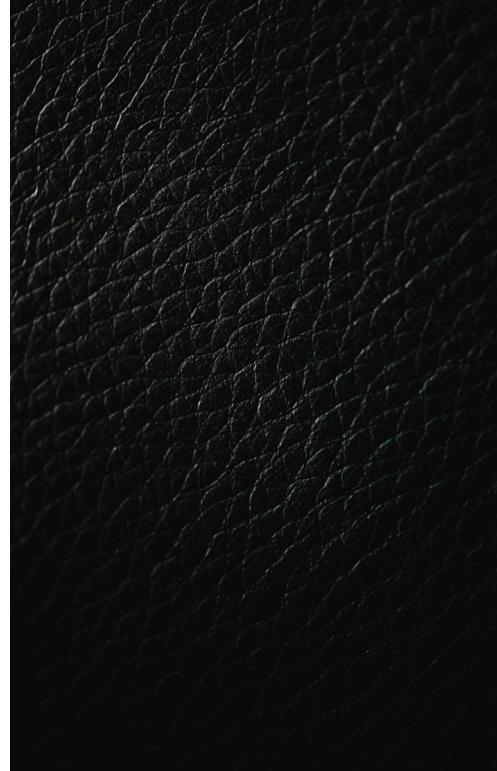

Hasan International offers a diverse range of leathers derived from goats, sheep, buffaloes, and cows, utilized in the footwear, apparel, leather goods, automotive, and furniture industries. Our extensive selection encompasses various textures, finishes, and color options to cater to your specific preferences.

Each leather category is meticulously crafted by a team of industry experts across India, ensuring that Hasan International meets your comprehensive leather requirements.

SOCIAL RESPONSIBILITY

We actively promote responsible living through healthy lifestyle choices, positive thinking, community contributions, and environmental stewardship.

None of our remarkable accomplishments would be feasible without an equally remarkable culture, work environment, and environment where innovative ideas can thrive.

We achieve this through fostering a culture of inclusivity and openness, and a mindset of exploration and applied innovation.
